“ I will miss Sally very much. We played bridge together and traveled to Florida a few years ago to attend Dr. Fuhrman's getaway. I will see her again one day in Heaven. My condolences to her family.

“ I have known Sally since the early 1970's as a friend and fellow teacher. She was always positive and upbeat. She had many interests - traveling, playing piano, playing bridge, going to bible study, walking the beach on Lake Huron, and just meeting up with friends. Sally will be missed by all who spent time with her.

“ While I've not seen Sally for a few years, when I had her home listed we found we shared our love of playing piano and she played a couple songs for me on her baby grand. Also enjoyed hearing her lovely music at the former Dunleavy's Restaurant in AuGres during the dinner hour. But our commonality was that through the ups and downs of life, we could always turn to God and our pianos for comfort, peace, and an uplifting of the spirit. It's not the length of time one knows someone, but the impact they leave; I can still see her playing the piano that day and the joy it brought her (and me).

“ When I visited mid October she was at peace with whatever happened and knew she would be with her Lord. I hope this brings the same comfort to all who knew her as it does to me.

“ I worked with her EX husband Mel. I saw Sally one day while getting lunch after fishing for Steelhead. I would call her about Smelt runs and Steelhead runs. She was a warm wonderful woman and the world is a worse place to live with her parting. I will miss her.

“ Sally was a part of our home fellowship & Bible study for 5 years. We have watched her growth in her faith blossom. She discovered forgiveness and incorporated the concept into her life. As she is playing a symphony for Jesus, she will be missed by us. Our condolences to her family.
